From the Presidents Desk

We are well on our way into summer activities. It is just amazing how quickly time passes.

Our Clubhouse is open and available, and it is great to have people coming and going throughout the day.

Here in the office, we are all grateful for the smiles and words of gratitude for maintaining business during the past year. We also want to thank all our residents for their patience during a very difficult time.

We are quickly getting back to "normal." The clubs are making their plans and will soon be making announcements to include us all. We look forward to meeting all our new neighbors, upcoming dances and events.

Don't forget to submit your letter of intent, if you plan on running for a position on the Board of Trustees. Information can be found in this newsletter.

I wish you all a great holiday weekend. Please remember our family pets, as well as the outside critters when celebrating Independence Day.

OFFICE OF ANIMAL CONTROL

WHO TO CALL IF YOU NEED HELP WITH AN ANIMAL IN YOUR AREA

If you have lost or found a pet, or to report an animal hit by a car, call:

- **Manchester Police** (732) 657-2009, Open 24 hours per day
- **Animal Control** (732) 657-2009 ext. 4606, Hours 8 a.m. to 4 p.m., Monday to Friday
- **Ocean County Shelter** (732) 657-8086, Hours 1 p.m. to 4 p.m. on Wednesday and open 1 p.m. to 6:30 p.m. all other days including Saturday and Sunday.

We all work hand in hand to reunite owners with their pets.

IF YOU ARE HAVING ISSUES WITH WILDLIFE:

- Call **NJ Fish and Wildlife** (609)259-2132, Hours 9 a.m. to 4 p.m. Monday to Friday. If you have a bat or other wildlife in your living space, call Police or Animal Control at the telephone number above.
- If wildlife is in the attic or crawl space, a pest removal service needs to be called. They can be found online or in your phone book's yellow pages.
- Tip for getting raccoons and squirrels out of your attic: Place a light and a radio in the attic for a couple of days. If they have babies they will move them out. You also need to find how they got in and repair it.
- For ground hogs, you can keep filling in the hole and add some brick in the hole. Put dirt back in the hole. This will cause them to move.
- Mothballs are not to be used on the ground. You could be fined from EPA. Lowes, Home Depot and local hardware/garden centers sell deterrents for all kinds of wildlife.
- For birds, if the mother and father bird are calling out to the baby bird, LEAVE IT. They are still feeding it. By the third day it will have learned to fly.
- For deer hit by a car, whether still alive or deceased, police should be called. They will contact the responsible agency to handle removal.

Women's Club Newsletter

July, 2021

Hello everyone. I hope this finds you enjoying some more activity and get-togethers. The good news is our club house is now open and we can start to enjoy socializing again. We will have our first meeting on Tuesday, September 21st.

It will be a business/social meeting. When we closed down in March, 2020, we were supposed to have our annual Hi-Lo card game and Tricky tray auction. We are trying to schedule that for October. I still have everyone's money and the ticket list and will continue to sell tickets at our first meeting. Please keep your tickets if you have already bought them. Rather than hold on to all of the canned goods during the shut-down we donated them to the local pantry. That means we need to replace them. If anyone can possibly help with that, please bring them to the first meeting. We were also due to have elections and that will be handled at the first meeting as well. Please continue to be safe. Feel free to contact me if you have any questions or need my help with anything.

Kathy Sullivan,
President 732-261-8893

Residents Club

Hello everyone. Activities are slowly starting up again!

The walking club has started, Mon. to Fri. 8-9 a.m. in Fernwood Hall. Zumba will start on Wednesday, July 7th, Mon. and Wed. from 10-11 a.m. in Fernwood Hall.

There is a shuffleboard signup sheet at the clubhouse, next to the copy machine or call Irwin at 732-849-0991 for more information. We hope to get Bingo started by the end of September. We are in need of volunteers.

Thank you to all who came and enjoyed the music of DJ Mare Haze last month. We will be hosting her again on Friday, July 16 from 5:00 pm - 8:00 pm. This event is outside so be sure to bring your chairs. No restrooms available. We will be selling water and lite snacks.

Happy 4th of July to all!

The History of America's Independence Day

A Capital Fourth PBS

"Taxation without representation", was the battle cry in America's 13 Colonies, which were forced to pay taxes to England's King George III despite having no representation in the British Parliament. As dissatisfaction grew, British troops were sent in to quell the early movement toward rebellion. Repeated attempts by the Colonists to resolve the crisis without military conflict proved fruitless.

On June 11, 1776, the Colonies' Second Continental Congress met in Philadelphia and formed a committee whose express purpose was drafting a document that would formally sever their ties with Great Britain. The committee included Thomas Jefferson, Benjamin Franklin, John Adams, Roger Sherman and Robert R. Livingston. Jefferson, who was considered the strongest and most eloquent writer, crafted the original draft document. A total of 86 changes were made to his draft and the Continental Congress officially adopted the final version on July 4, 1776.

The following day, copies of the Declaration of Independence were distributed, and on July 6, The Pennsylvania Evening Post became the first newspaper to print the extraordinary document. The Declaration of Independence has since become our nation's most cherished symbol of liberty.

Bonfires and Illuminations - On July 8, 1776, the first public readings of the Declaration were held in Philadelphia's Independence Square to the ringing of bells and band music. One year later, on July 4, 1777, Philadelphia marked Independence Day by adjourning Congress and celebrating with bonfires, bells and fireworks.

The custom eventually spread to other towns, both large and small, where the day was marked with processions, oratory, picnics, contests, games, military displays and fireworks. Observations throughout the nation became more common at the end of the War of 1812 with Great Britain.

In June of 1826, Thomas Jefferson sent a letter to Roger C. Weightman, declining an invitation to come to Washington, D.C. to help celebrate the 50th anniversary of the Declaration of Independence. It was the last letter that Jefferson, who was gravely ill, ever wrote. In it Jefferson says of the document.

"May it be to the world, what I believe it will be ... the signal of arousing men to burst the chains ... and to assume the blessings and security of self-government. That form, which we have substituted, restores the free right to the unbounded exercise of reason and freedom of opinion. All eyes are opened, or opening, to the rights of man. ...For ourselves, let the annual return of this day forever refresh our recollections of these rights, and an undiminished devotion to them." -Thomas Jefferson June 24, 1826 Monticello

Congress established Independence Day as a holiday in 1870, and in 1938 Congress reaffirmed it as a paid holiday for federal employees. Today communities across the nation mark this midsummer holiday with parades, firework displays, picnics and performances of "The Star Spangled Banner" and marches by John Phillip Sousa.

SAY GOODBYE TO KNEE & JOINT PAIN WITHOUT RADIATION

INTRODUCING

Do You experience:

- Joint pain or tenderness?
- Joint stiffness after a period of inactivity or when you first wake up?
- Loss of flexibility?
- Grating sensation when you move?

If you answered "yes" to any of these questions, there's good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

RADIATION FREE KNEE INJECTIONS UNDER ULTRASOUND GUIDANCE

Why Do You Need It?

- You have knee pain that's so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- ✓ No pain from the injection
- ✓ No recovery time
- ✓ Quick results
- ✓ No radiation

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure in which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

SAY HELLO TO A WORLD OF RELIEF.
