WHITING AMERICAN LEGION POST # 502

The American Legion National Commander's Message Let's welcome the post 9/11 veterans home

A common greeting among Vietnam War veterans is "welcome home." Our use of this expression is rooted in the homecoming we never received upon returning from service during a war many Americans wanted to forget.

For the most part, our country seems to have learned from the shabby treatment given to veterans of my generation. The 1980's saw some belated welcomes. Years later, Gulf War veterans were celebrated with ticker-tape parades. Today, anti-war activists are careful to say they oppose policies, not those serving in uniform.

When it comes to post-9/11 veterans, The American Legion knows we have to offer more than welcoming words. We fully embrace this "multi-generation" of warriors as patriots whose talent, service and character equal that on any group of veterans who preceded them. Who better than us to advocate for employment, education and health care they have earned? They should have no doubt they'll find brotherhood and sisterhood in The American Legion.

One of the most significant features of the 2019 Legion Act is that it consolidated war eras. All who served honorably since Dec. 7, 1941, can become Legionnaires. It codified what we have always believed: "A veteran is a veteran."

I am not naive. I recognize that an Iraq War veteran might talk a little different than someone who served in Korea or Vietnam. A Beirut veteran probably has different interests than someone who left the Navy yesterday. But certainly more unites us than divides us.

As we near the 20th Anniversary of the 9/11 attacks, I ask all Legionnaires to continue to roll out the red carpet to the millions of men and women who deploy during the two-decade global war on terrorism. Host events that cater to their interests. Include them in Buddy Checks. Assist them in accessing veterans benefits, programs and services.

As Legionnaires, let's renew our pledge to "preserve the memories and incidents of our association in all wars...." "All means all.

KIRMS PHOTOGRAPHY Autumn Colors

Autumn is here and I'm looking forward to photographing this year's fall foliage. The leaves are starting to change. Hopefully the colors this year will be spectacular.

Before the colors are at their peak I look for individual trees that have great color. I also scout out areas that I think will look great at peak time so I'll be ready when the leaves finally turn. I prefer areas that have the trees reflected in water.

Check out the farm markets for some colorful shots and don't forget the cranberry harvest. Fallen leaves make interesting patterns, so don't forget to look down. Rolls of hay in the fields also make nice images.

A great way to enhance your images is using a polarizing filter. This filter works the same as polarizing sunglasses – it is designed to cut glare and reflections. Removing the glare from the leaves makes the colors brighter and more saturated. Simply rotate the polarizing filter until the sky or leaves are at their darkest.

Fall Foliage images are best shot on days when there is no wind. By scouting a great location ahead of time, using a polarizing filter, and applying good rules of composition you'll get some fantastic shots of this autumn's spectacular show.

That's it for this month. Send me an email at bill@KirmsPhotography.com with any photographic questions or problems. You can visit www.KirmsPhotography.com if you'd like to see some of my work. Keep shooting and trying to improve your images, but most importantly, have fun with your camera.

Outreach Program

I am sorry to say that, due to health reasons, I will no longer be able to handle the Outreach Program.

I am thankful for the opportunity to begin the program and the resources and knowledge that I have acquired to help our residents in need. I also wish to thank the volunteers who were quick to respond to a need that I passed on to them.

It is my hope that someone steps up to lead Outreach and that it continues to serve our community.

In peace and wellness,

Patti

SAY GOODBYE TO KNEE & JOINT PAIN WITHOUT RADIATION

INTRODUCING

Do You experience:

- Joint pain or tenderness?
- Joint stiffness after a period of inactivity or when you first wake up?
- Loss of flexibility?
- Grating sensation when you move?

If you answered “yes” to any of these questions, there’s good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

RADIATION FREE KNEE INJECTIONS UNDER ULTRASOUND GUIDANCE

Why Do You Need It?

- You have knee pain that’s so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- ✓ No pain from the injection
- ✓ No recovery time
- ✓ Quick results
- ✓ No radiation

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure in which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

SAY HELLO TO A WORLD OF RELIEF.
